

Don't eat Cancellation 

• Beware of `try catch(e:Exception/Throwable)`

• Beware of runCatching and alike

• Always re-throw `CancellationException`

Risks: infinite loops (so, ANRs), delay and starvation.

Don't eat CancellationException ⚠

- Beware of try catch(e: Exception/Throwable)
- Beware of runCatching and alike
- Always re-throw CancellationException
- **Risks:** infinite loops (so, ANRs), delayed cancellation.

Don't wait for everything
